+45 31 26 56 02

PROFILE

Anselmo is a senior full-stack software engineer with 19 years of experience and a B.Sc. in Computer Science. Has strong expertise in systems architectures, high availability systems, and full-cycle software development across multiple programming languages and platforms — and applies AI tooling pragmatically to ship better software faster.

EDUCATION

B.Sc. in Computer Science — Universidade Federal Fluminense &
Universidade Federal do Rio de Janeiro

RELEVANT EXPERIENCE

Maersk, Denmark | Software Engineer | 2023–Present

Maintain and enhance Maersk's Warehouse Management System in an agile team.
